Carin

Go a nice and sweet girl.
 I hope you had a great year.
 I think you did a good job
 of cheering us on. Good
 luck in the future, and
 next year as a sophomore.
 Have fun this summer.

Love Ya,

Cornelia Mendez

Carin,

Well Sweetie this is our freshman year.
 this has been my funnest year + do you know
 why? Its because of you. Carin you made my
 year. + I don't know what I'd do with out you.

You really are like a sister to me. I had the
 best of times cheering with ya + of course all of
 the other cheerleaders. but you understood. You
 was always there when I needed someone
 to talk to! + I love ya to death for it. We've
 had some great times. I just wish we could
 go back and replay all of those times. Its
 hard to write + tell you how I cherish your
 friendship. But we still have next
 year to go. I hope we can be as good friends
 as were this year.

You a very sweet + kindhearted person
 and pretty at that. I really honestly
 don't know what I'd do with out ya.
 I hope to see you this summer + good
 luck with cheerleading. Carin you
 really do deserve the best out of life.
 + I love ya to death! Keep in touch +
 God Bless ya

Carin,
 I've been fun
 having you in class,
 you're a crazy, sweet,
 girl. Hope we can
 have a lot more classes together
 next year. If it weren't for you,
 I would of not got my nick name
 "Pesse". Only you are crazy enough to give
 it to me. A crazy person. Good luck with
 guys in the future. Hope to see you next
 year.

Carin,

Well, 10th grade here we
 come! You're really a sweet
 girl and I'm glad we had
 classes this year (wasn't Mrs.

Mineral Wells High School

3801 Northeast 8th Street

Mineral Wells, Texas

1981-1982

WE'RE SHINING BRIGHT!

Dedication

Mr. Ernest Sims teaches a variety of business courses at Mineral Wells High, and he brings to his classes a wealth of teaching experience — 32 years' worth! In 1950 after Mr. Sims had just graduated from North Texas State University, he received his first teaching position here at M.W.H.S. Our Distributive Education program was also new that same year, and Mr. Sims was instrumental in organizing the course and establishing its guidelines. Through the years, many people have come to rely on his mechanical ability for running sound equipment; he performs duties in the sound booth for the First Baptist Church and for the Coronation. You can also find Mr. Sims in the pressbox at all hometown games providing security for that area. However, it's not only his ability or diligence that sets him apart. His even temper and stable nature is often put to the test. Mr. Sims's classroom is located in C-building, and he teaches with ten others. That doesn't seem so unusual until you realize that he's the only male occupant of the building. When it's time to make the coffee, locate extra paper, discover why the ditto machine has quit working, or open stuck doors, Mr. Sims is always there to help. For his devotion to the teaching profession, to his colleagues, to the community, and to his students, we proudly dedicate the 1982 Burro to Mr. Ernest Sims.

IN MEMORY

Louise Noeding
February 21, 1964-May 29, 1981

"Whenever a good child dies, an angel of God comes down from heaven, takes the dead child in his arms, spreads out his great white wings, and flies with him over all the places which the child has loved during his life. Then he gathers a large handful of flowers which he carries up to the Almighty, that they may bloom more brightly in heaven than they do on earth. And the Almighty presses the flowers to His heart, but He kisses the flower that pleases Him best, and it receives a voice and is able to join the song of the chorus of bliss."

Hans Christian Anderson from *The Angel*

We're looking for the silver lining

Did you ever have a day when absolutely nothing went right? You oversleep. You can't locate two socks that match. You realize your favorite pair of jeans have white splotches from your sister helping with the laundry. You finally get yourself together and leave for school. Then you remember that you forgot about a big test third period. You count on being able to study instead of going to the assembly. Then the star attraction doesn't show up and you have to spend half the morning in second period. Your friends suddenly act like you have bad breath and your teachers can't seem to remember your name. Well, cheer up. Look for the silver lining. You're part of a bright light in the darkness of ignorance.

Boy Meets Girl

Mineral Wells High School is always full of romance, and many of the extra activities around the school provide an excellent opportunity for a boy to meet a girl. Football games, dances, Coronation, Junior and Senior Prom, and many field trips always include a blush, heart flutter, or a kiss. Boy meets Girl . . . Of course some always have to be different!

Never a Dull Moment

CARNIVAL TIME!!! We ate popcorn, candied apples, pork on a stick, and nachos. We played Pack-man, Hit the Teacher with a Sponge, and Dart Throw. We voted on choir boys' prettiest legs, (Clair Caliman won), listened to singing telegrams, signed up to win a television, (Kim Scott won that), and went through a fun house. Everyone had so much fun that we didn't even care that afternoon classes were cancelled.

Swing Time At M.W.H.S.

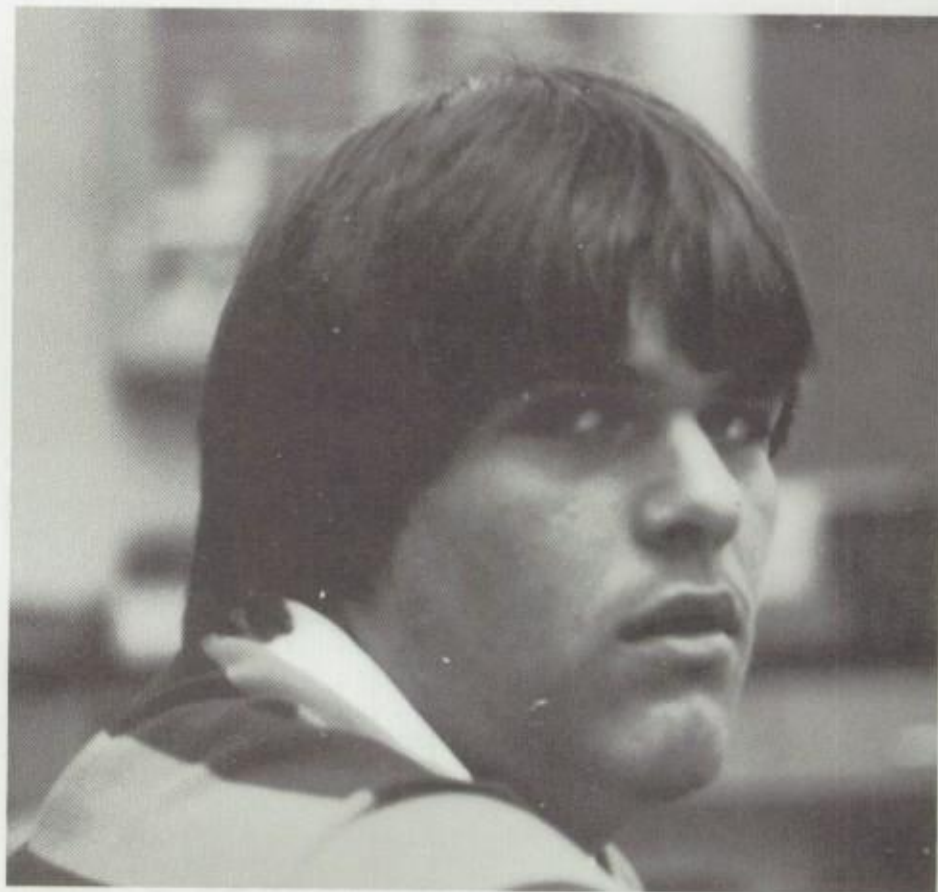

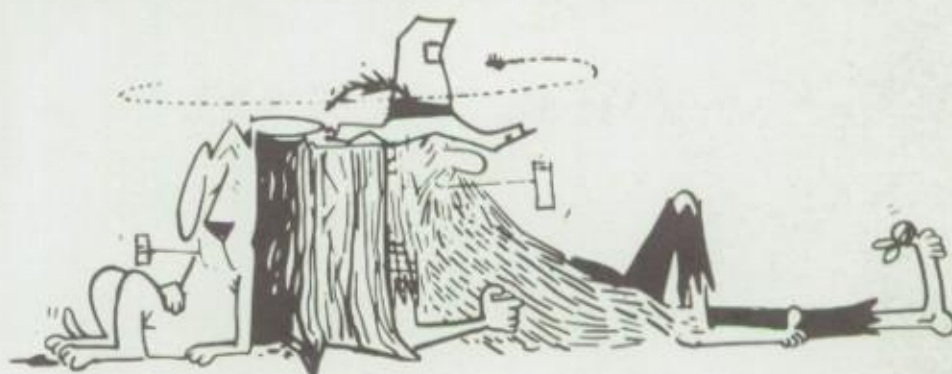

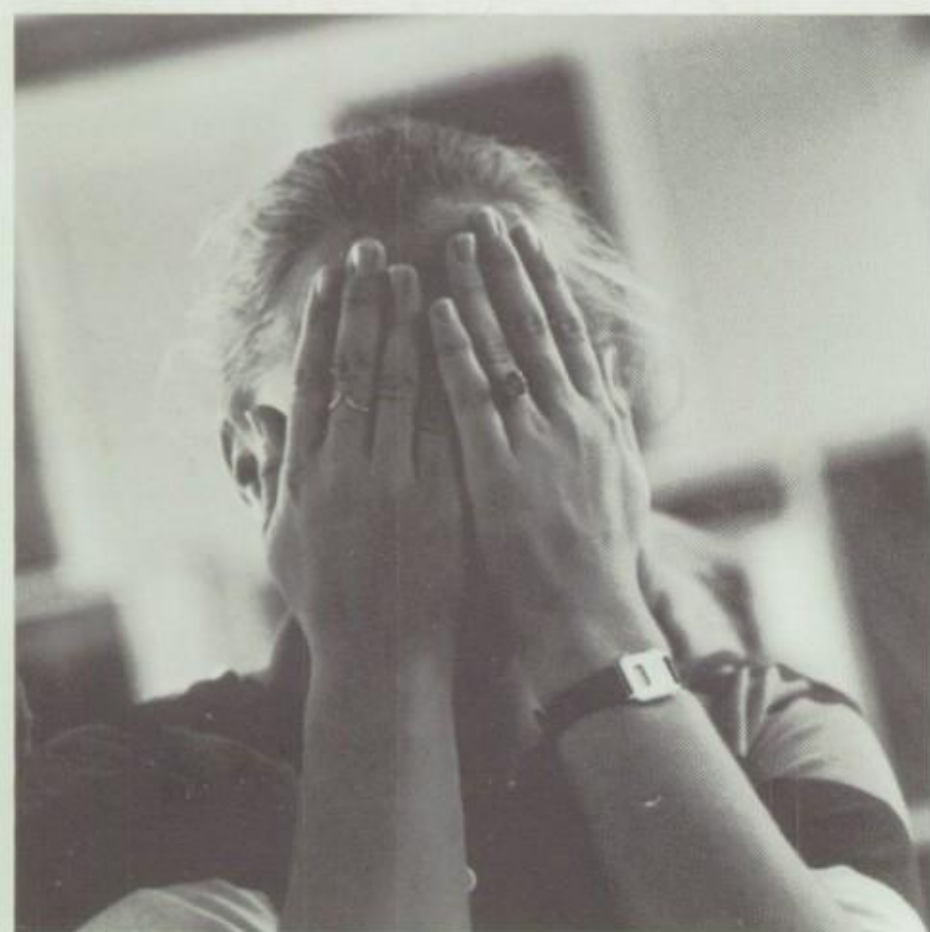

Sometimes We Feel Just Like...

There probably wasn't a single student at Mineral Wells High this year who didn't have a case of the blahs at one time or another. Many found that counting things could make the blahs go away. For instance, did you know: there are 15 pieces of purple worm on Mr. Harrington's ceiling. Coach Speiker's room has 14 maps, Mrs. Down's door has drifted 4 inches from the top of the frame.

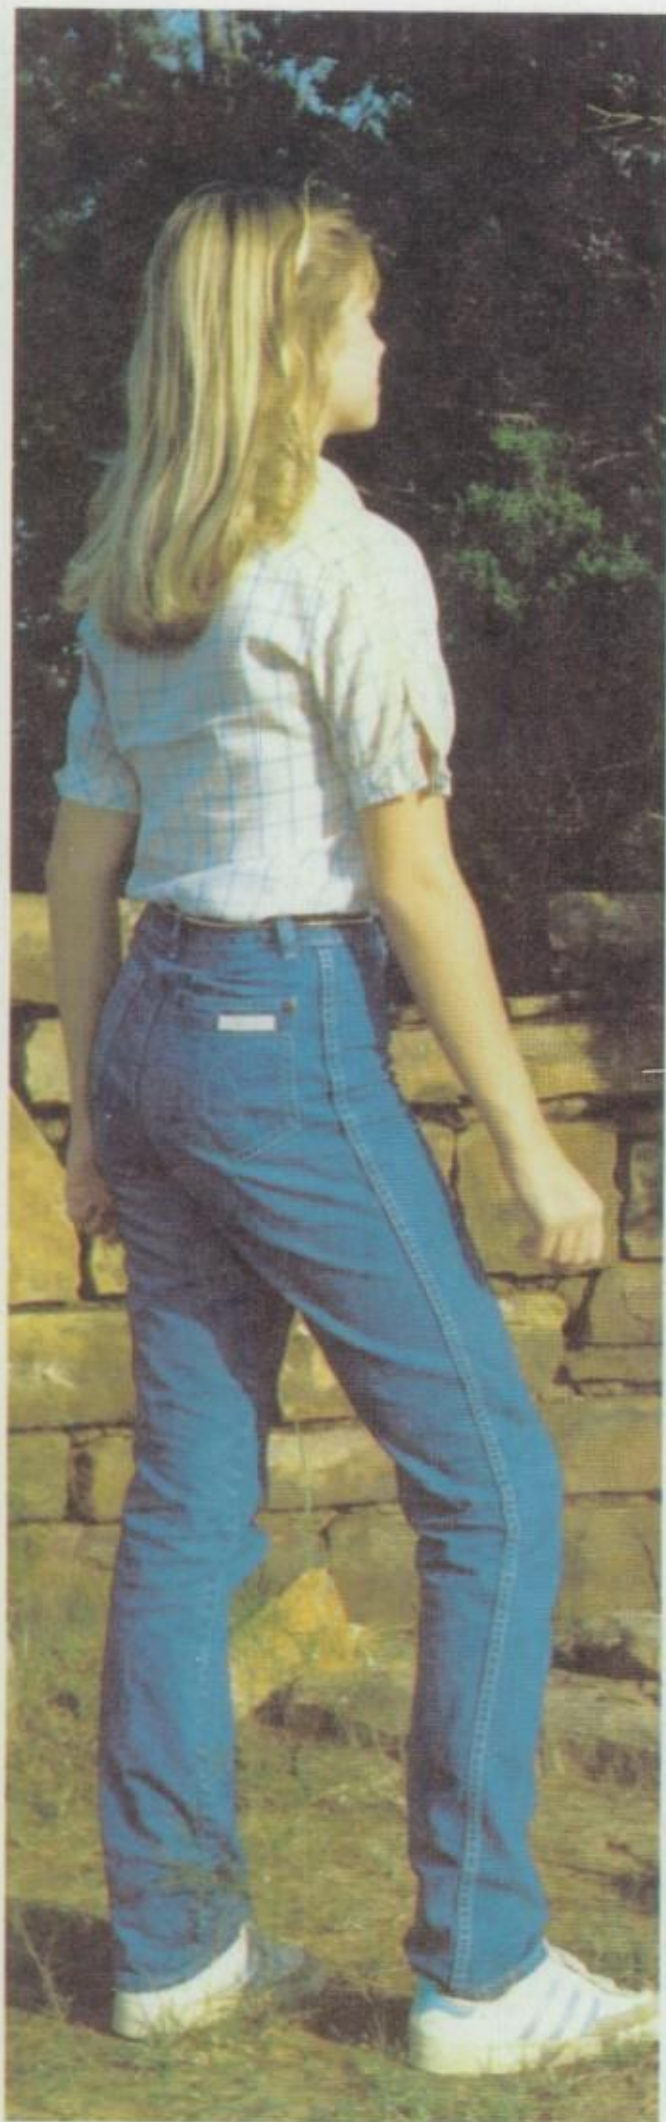

These are just a few of the fascinating statistics discovered this year by students with severe cases of the blahs. This, however is not a complete list. There are more, a whole lot more.

WHAT'S IN A NAME?

Why would a high school called Mineral Wells, with a team called the Rams, have a yearbook called the *Burro*? Many of you wonder this each year when you receive your yearbook. In the early 1900's, the *Burro* began as a school magazine. As the staff became more productive and adventurous, the magazine form expanded into the yearbook. The name probably resulted because of the burro rides that were given up Welcome Mountain. Area residents could rent a burro for an afternoon, ride up the mountain, and even have a refreshing drink at a refreshment stand when they reached the top. Also, many wild burros grazed the area in the late 1800's. Over the years many things have changed. The burros are gone, but the high school is still in full swing. However, our colors are now red and white instead of maroon and white; our team is the Rams instead of the Mountaineers; and campus clubs such as Sub-debs, Tri-Hi-Y, Future Nurses, and Hub Club exist only in the minds of X-members and on the pages of old *Burros*. Although the yearbook has expanded, added a color section, and contains different faces, The *Burro's* name has remained the same.

100 YEARS OF HERITAGE

Judge J. P. Lynch founded Mineral Wells in 1882. He and his wife set up their homestead at what is now the corner of 1st and Oak Streets. As more and more people came to the settlement, they dug wells to supply their water needs. However, the water in the wells smelled strange, and some thought it to be poisonous. Then someone discovered its healing powers. Mrs. Lynch suffered from rheumatism and occasionally went to a mineral well. One such well was called "Crazy Woman's Well" because a mentally ill woman was supposedly cured there. Later, the word "Woman's" was dropped from the name, and the well was called "Crazy Well." With the drilling of wells more frequent, the people started calling the community Mineral Wells. News of the miraculous healing powers of the mineral water spread all over the country, and by the early 1900's, people were flocking to Mineral Wells. The Crazy Water Hotel was built in 1906, but a tragic fire in 1924 burned it to the ground. It was rebuilt and opened again in 1927. 1929 witnessed the construction of the Baker Hotel. Judy Garland, Helen Keller, Kate Smith, Will Rogers, Bonnie and Clyde, The Three Stooges, Tom Mix, Lawrence Welk, Roy Rogers, General John Pershing, Eleanor Roosevelt, Sam Goldwin, Clark Gable, Lyndon Johnson, Guy Lombardo, and Mary Martin have all walked up that big column of steps and signed the guest register. 1940 ushered in World War II and the construction of Fort Wolters. Used as a military base and a primary helicopter training center, it closed in 1973. After a period of reorganization, the base became an area for industry, office rentals, and recreation. We're proud of our 100 years of heritage.

Homecoming 1981 was highlighted this year by the crowning of the Queen, Senior, Toni Holton, escorted by her brother, Shawn Holton. And the Coming-home Queen, from the class of 1951, Margaret Wiggins Strain, escorted by her husband, Mr. Dale Strain. The Homecoming Duchesses were, Senior, Phyllis Petty; Senior, Colette Hopkins; and Freshman, Carin Caliman. All the duchesses were escorted by their fathers.

The Homecoming activities were celebrated this year by a bonfire held the night before the game. And a spirit raising pep-rally the morning of the game. The game ended Mineral Wells 28 and Stephenville 0. Making all the hard work and the student backing worthwhile.

Carin,

Arts

I really don't love you as much as I would like to, still I find you to be a very nice and charming young lady - maybe next year we'll get to know each other better. You have a great summer. I look forward to seeing you next school year. Good Luck in all you do and Stay Sweet.
Love & Friends always Billy

BURRO STAFF

Comments overheard from the BURRO ROOM: "The deadline's tomorrow? Who took my picture? Five more pages — that's something to rejoice about! Can anybody identify the third person on the right?" It's hard to believe, but four times a year, the deadlines are met by our motley crew. (That's us on the right.) If you were to peek into the Burro room just before one of these deadlines, you'd see us pouring over mountains of rough drafts, quad packs, and photographs. Down the way in the darkroom, the photographers are printing pictures like mad men, mixing chemicals like scientists, and hoping against all odds that the pictures will come out. But all days aren't this hectic; after deadlines we relax, break out the bubble gum, the cokes, and well-deserved Maalox. Looking back, we'll remember the creative impulses, the good times, and the fact that shining bright comes through lots of hard work.

RAM COUNTRY REVIEW STAFF

Published every three weeks by the newspaper classes of Mineral Wells High School. All newsgathering, layout, design, and paste-up is performed by the students.

Typesetting is by the Mineral Wells Reporter and printing by the Weatherford Democrat.

This year, many people were shocked to find that they had to pay "... a whole 10¢" for a copy of the **Rsm Country Review**. After all, it was free last year! But, even though many local merchants and other patrons give their support, the cost of printing the paper was such that it was necessary to solicit funds from students.

The paper is eight pages in length this year and is published every three weeks. There is an editor for each page, and he

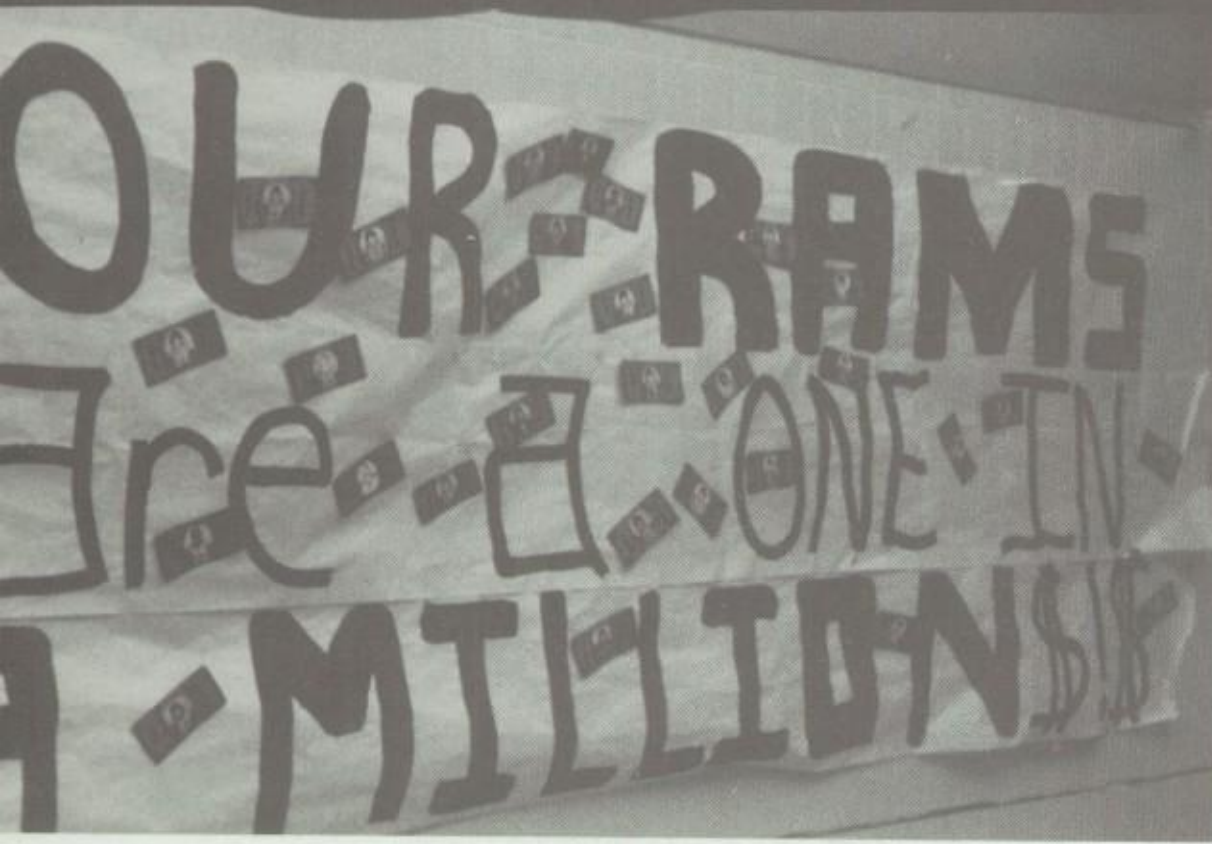

is responsible for seeing to it that the page is layed out correctly and that the pictures are cropped properly.

Lots of hard work and determination go into each issue. Students look forward to Thursday mornings when the papers are delivered. They find out what's been happening and what's due to happen around Mineral Wells High School. If anybody shines, the RCR reports it.

GO FOR IT . . .

THE COACHES SPEAK: "This group was enjoyable to coach. With hard work and self discipline they should provide next year's fans with a lot of excitement."

JEFF PARKER — "The freshmen were a real surprise. They played smart, aggressive basketball. If they continue to improve as they did this year they should contend for the District title when they are Seniors."

DON SPIEKER — "This year's Girl's Varsity were very competitive all year. We were hindered by a lack of height and experience but made up for it with hustle and desire. We have several players back next year and if they carry over their enthusiasm they will be tough next year."

PHIL KING — "In comparison with the Ram teams of the recent years past, this season was a learning process. We were inexperienced and lacked discipline. It was definitely a rebuilding year. Hopefully, our young men will learn from their mistakes and rebound to have a great season next year."

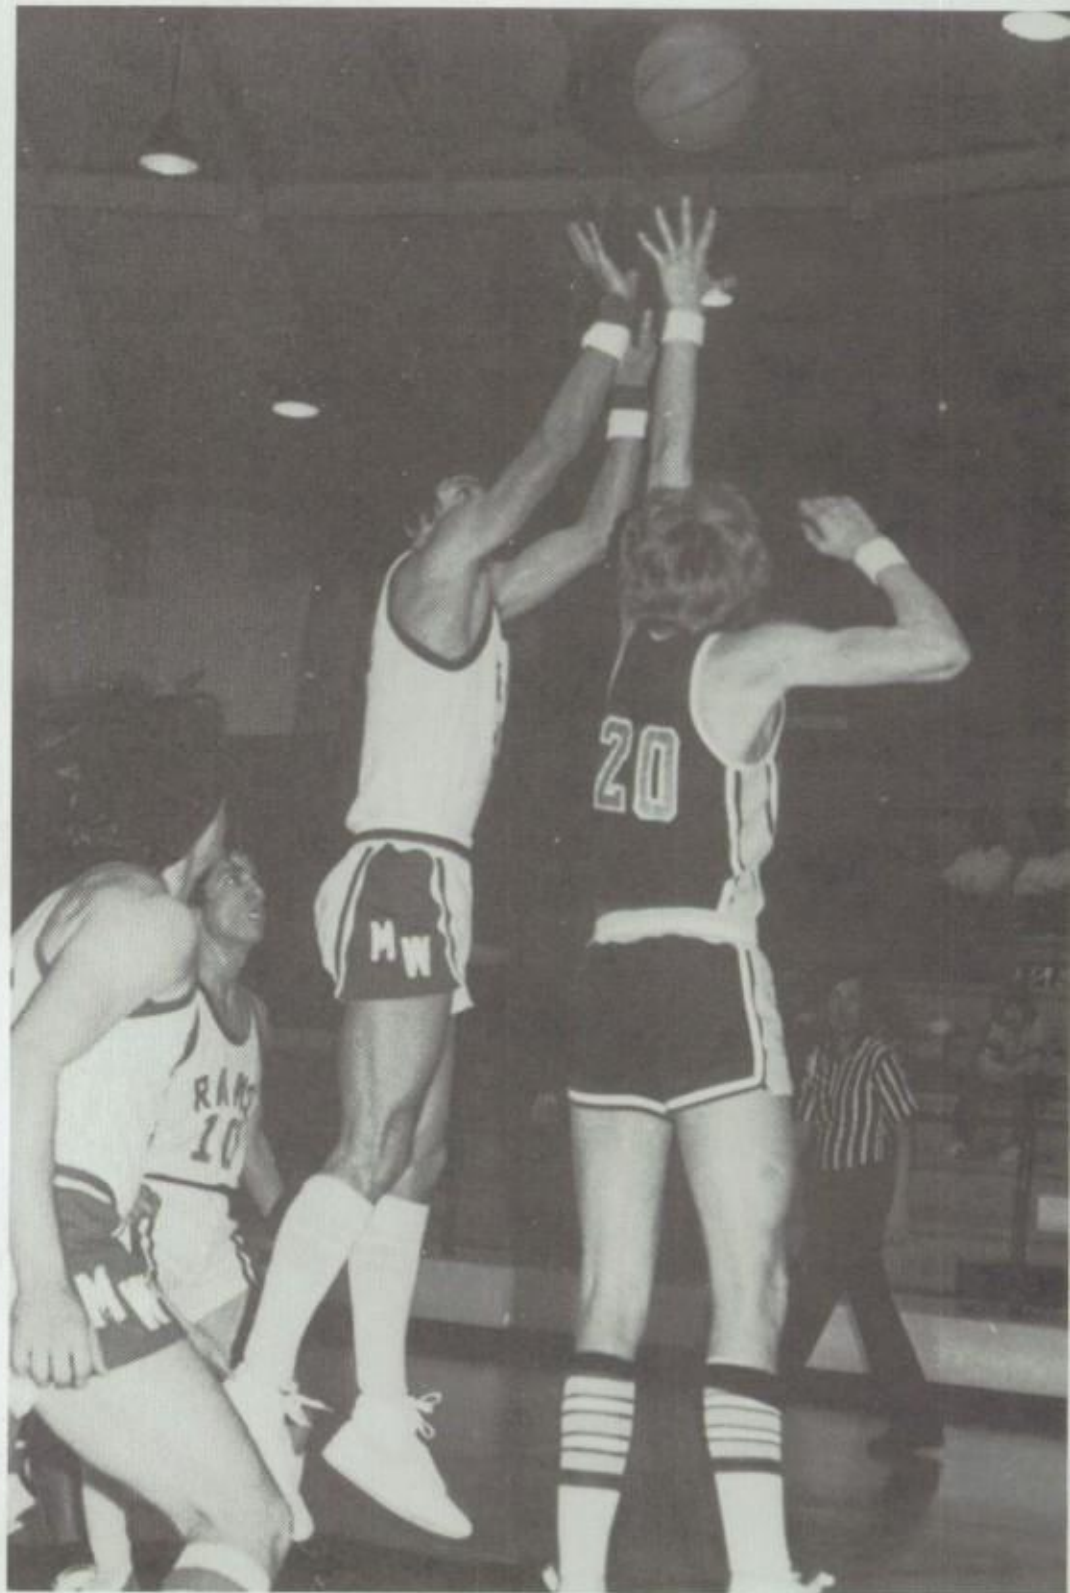

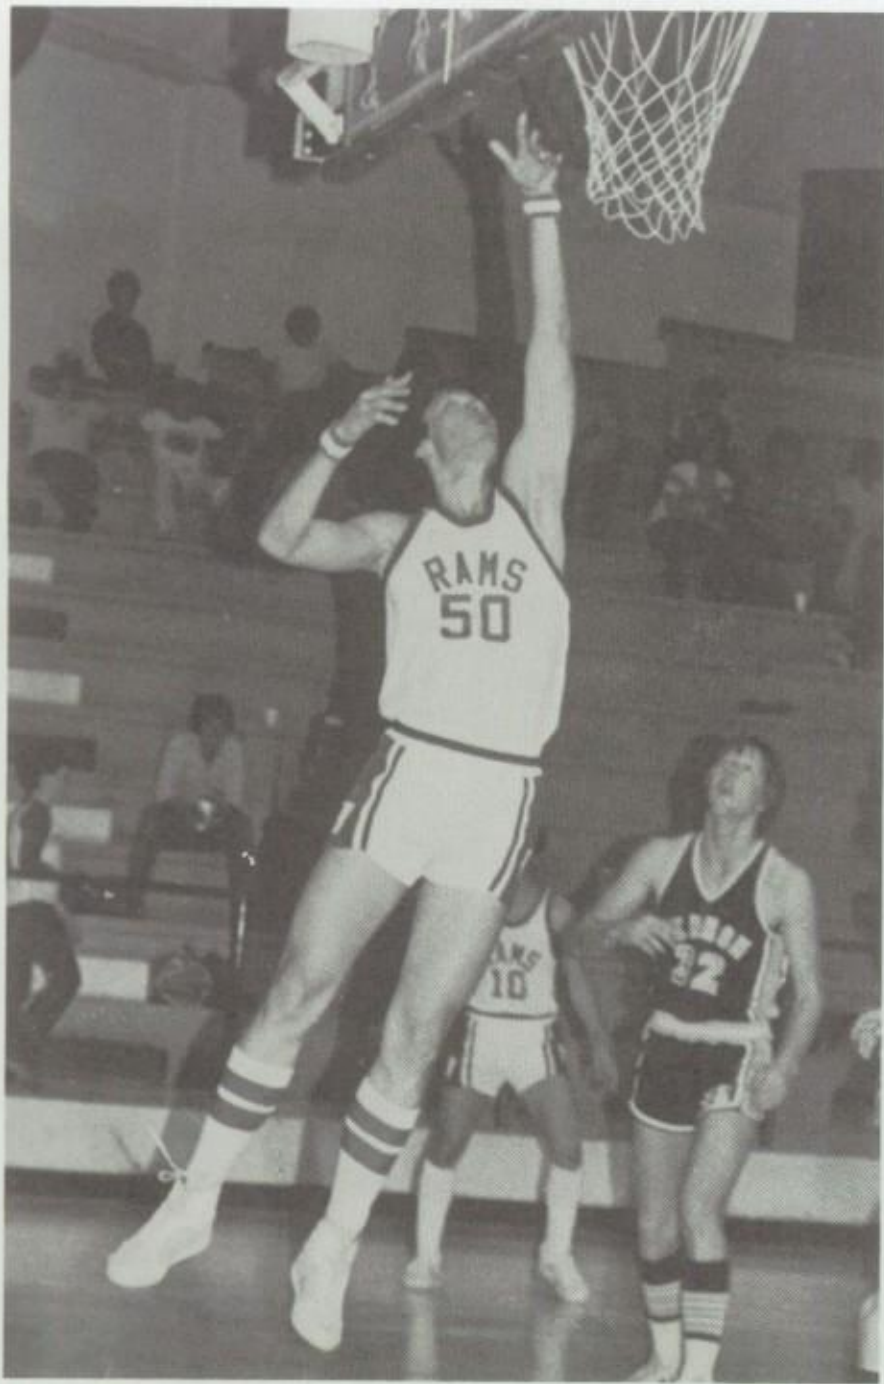

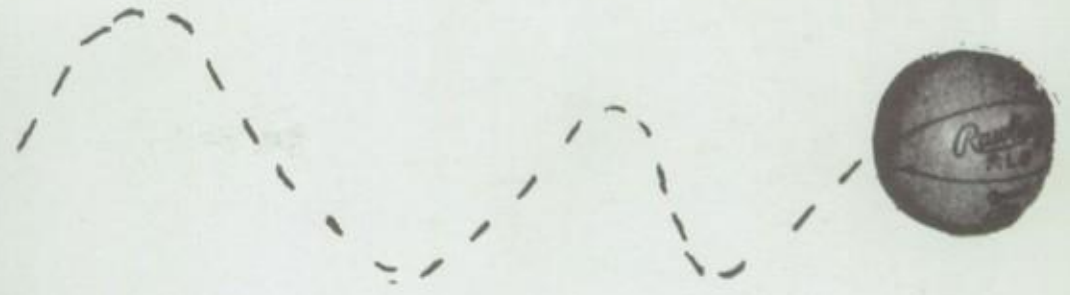

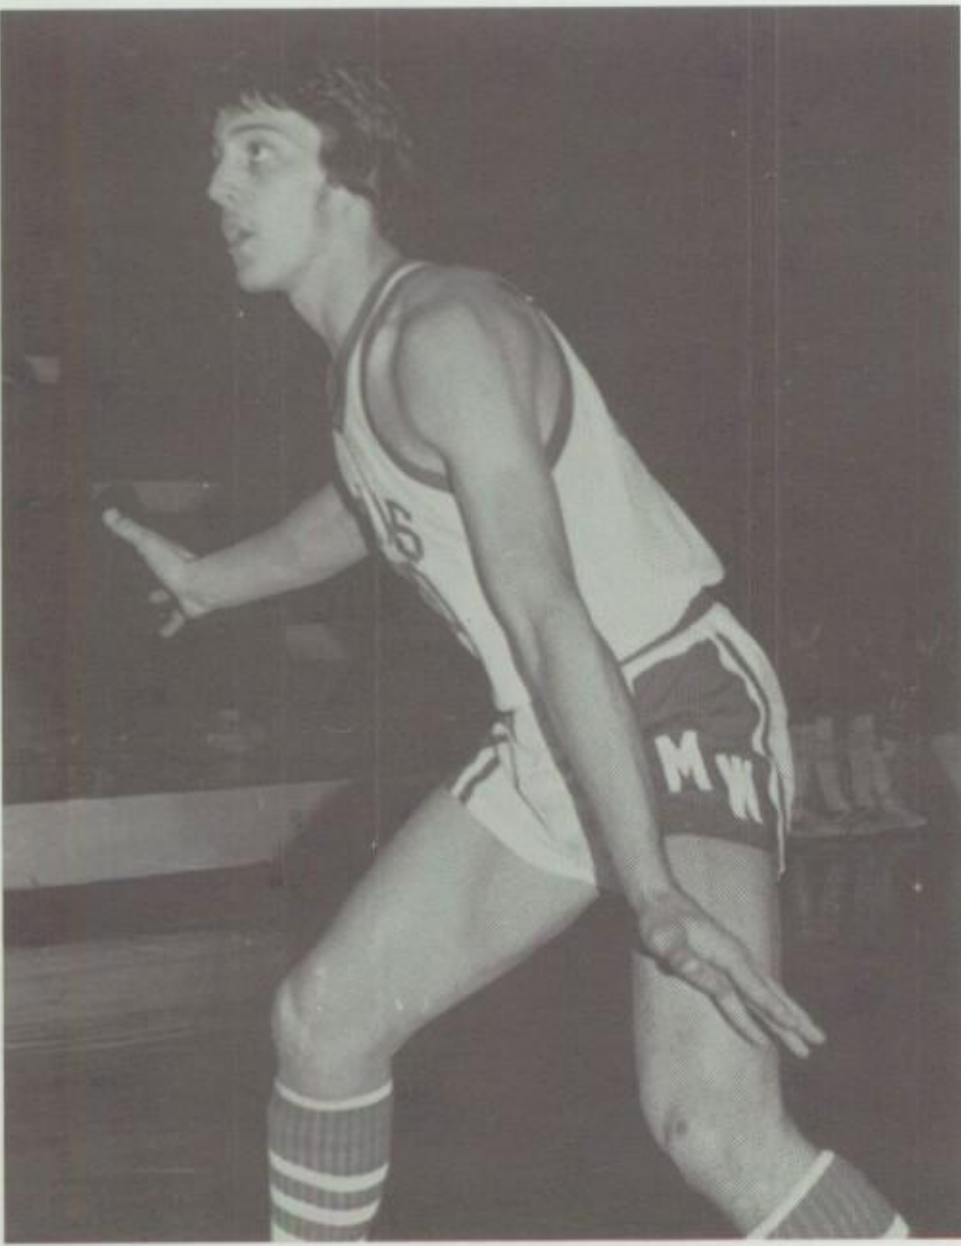

L to R — Nick Valtierra, Jeff Garcia, Eddie Youngblood, Rodney Ortiz, Gerald Trevino, Jon Brooks, Ron Small, Scott Porter, Bubba Allen, Phil Wilson, Mike Salisbury.

FOR THE LOVE OF THE GAME

A game of strokes, skill, and stamina, tennis also doubles as a sport involving highly intense emotion.

In addition to the aid that Coach Johnston and Coach Parker give, each team member trains himself through rigid practice schedules and conditioning.

Team members showed up swinging their rackets on the court every day, without much thought to the weather.

Usually a warm weather sport, tennis dominated many of the players' time, however for some it proved to rank in importance year round.

"With a lot of practice this year, I've really improved my stroke!" said senior Richard Fryhover.

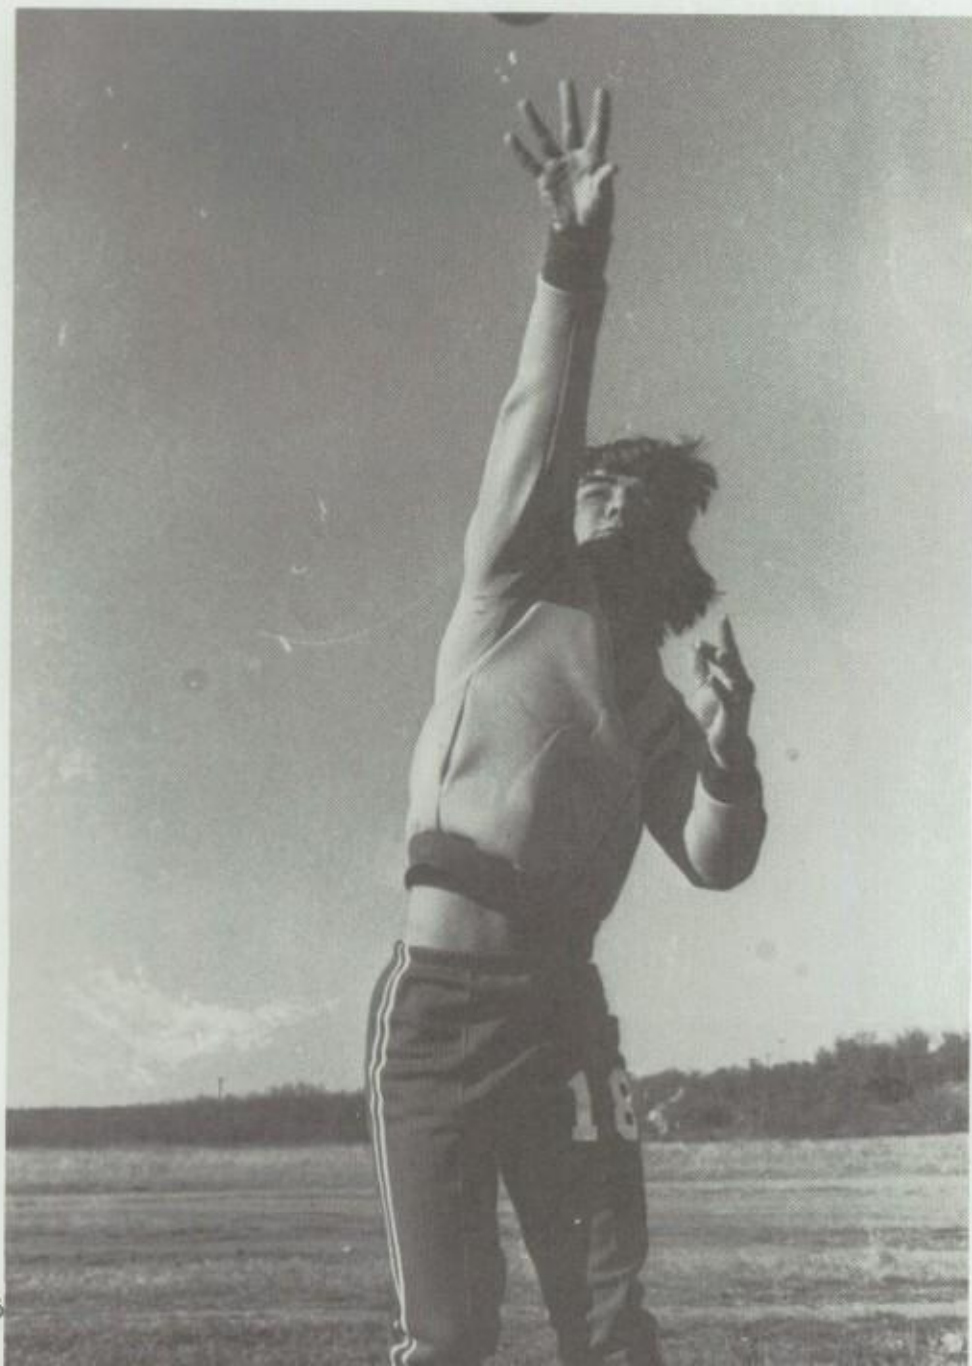

"Tennis is a real 'racket' ", says Vaneesa Scott.

We really enjoyed having you
in some of my classes. Maybe we
will have more classes together
next year, I hope so. I don't know
why you try to lie to me about

you + Ron. Because I saw you. Don't lie, you were
KISSING him in the hall. I SAW IT, no mistake.
I can take it. It's simple, you love him more than you
love me.

PS. I don't mind
you + Ron.

As you walked down the corridors of Mineral Wells High School this year, you may have seen many new people. One of those has a "cosmopolitan" look. Her name is Francoise d'orjo de Marchovelette and she is from Belgium.

She is eighteen and has already graduated from high school in Belgium, but she came to America to improve her English and to see "the new continent." She is staying with her aunt while she is here.

She says that American schools are similar to those in Belgium, but that Belgium schools are more difficult. Francois thinks that the people here are friendly but not as serious minded as those in Belgium.

One thing Francoise likes about America is that she can ride horses which is one of her hobbies. She also likes to read books and listen to classical music.

Francoise says that it rains more in Belgium. In the summer it does not get very hot so she dreads the Texas summer.

She plans to stay until July, and then her family is coming from Belgium to take her home. They intend to travel around in the United States before they return home.

We all enjoyed getting to know Francoise and hope she will have good memories of her days at M.W.H.S.

BETTY'S SPECIALS

Members include: Joyce Barnette, Robert Braim, Kim Sai Chung, Patricia Ivie, Tracy Jackson, Gerald Johnson, Dwayne Parks, Randy Schraeder, Earnest Tyler, Chris Ortiz, Brenda Starr.

"Betty's Specials" have been through many changes this year. Barbara Stevens became their new aide. Also, the class was moved to a new building where such things as cooking and sewing classes have been added. The puppet shows were bigger and better this year and the group had a chance to prove this when they received a special invitation to perform at Cullen and Karen Davis' mansion in Fort Worth. Aside from traveling to and from their puppet engagements, they also traveled to Six Flags and went on the annual camping trip.

It's a little difficult to shine your brightest if you're lost, confused, or sick. These people insure that if we are lost, confused, or sick, the conditions won't last long. As well as providing us with advice concerning what courses will help us meet graduation requirements and administering achievement tests, the counselors are always willing to listen to our serious problems. Nurse Carey will provide expert advice to make you well. And if your scholarly pursuits are what ails you, Miss Cosby and Mrs. Deisher will help you in the library. We all appreciate their assistance.

M.W.I.S.D. ADMINISTRATION

L to R — Dick Reed, C. L. Young, H. L. Irsfeld, John Moore, Jim Tomerlin, Morris Garrett, Carolyn Evans.

Superintendent

Bill Hall

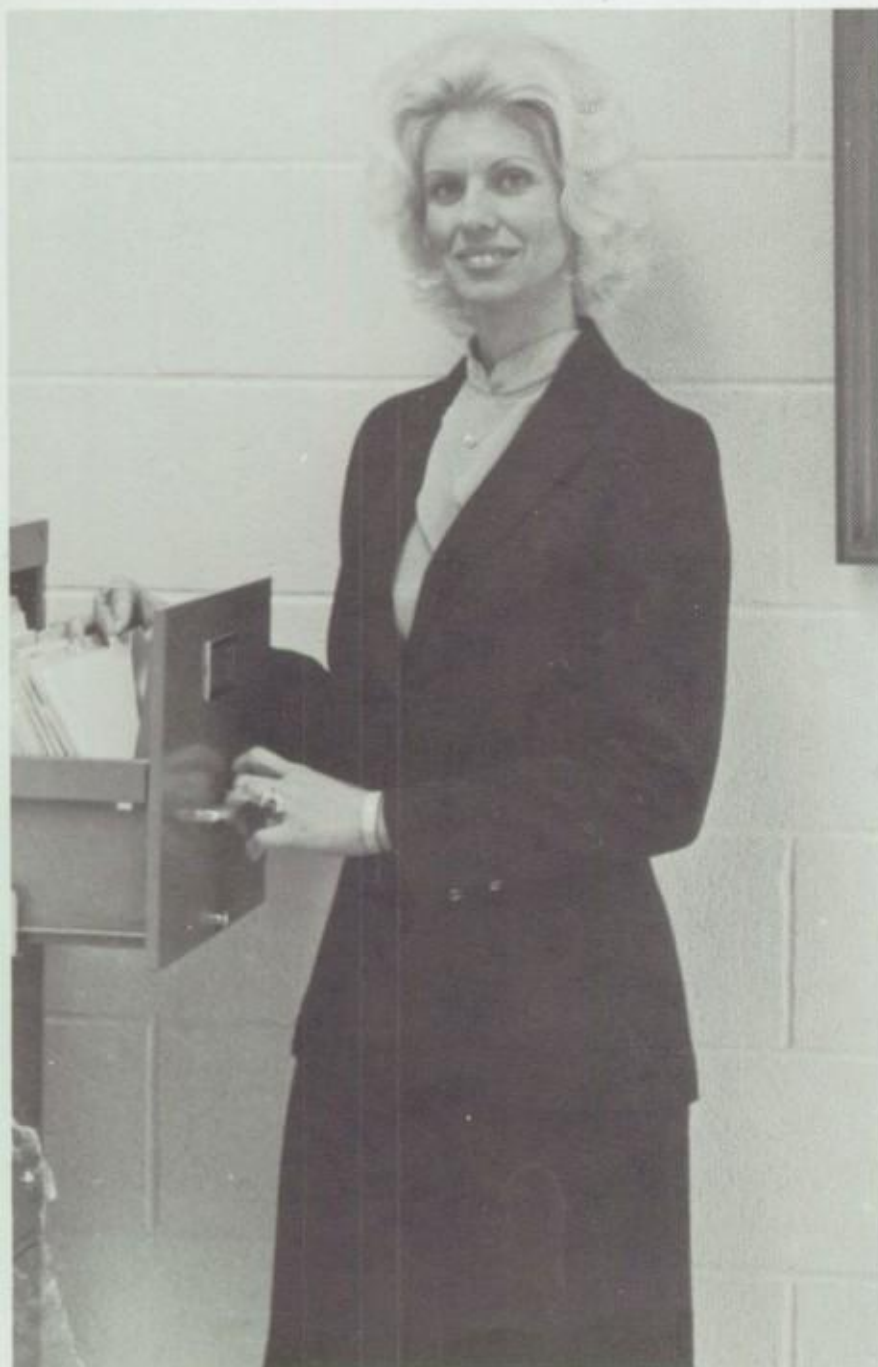

Administrative Assistant To the Superintendent

Bill Perrin

PRINCIPAL AND VICE- PRINCIPAL

Mr. Scott received his master's in biology in 1960 from E.T.S.U. and in 1967 he received his master's degree. He coached for 10 years before becoming an administrator. His duties include instructional leadership, supervision, discipline, evaluation of the educational program of the high school. In all decisions he makes, the students come first. Mr. Scott says that if he could have his pick of job, he would still want this one.

This year there has been a new addition to the Mineral Wells High School administration. Mary Evans became vice-principal. She has taught in the special education program, she has her master's degree from Tarleton State University, and last year she received her administration certificate. Her duties include student accounting, office management, and other activities pertaining to school administration.

Teachers Are Opinionated — What Is the Difference Between Students Now and When You Graduated?

They have less responsibility, and they don't know where they are going.

I don't know.

Less respect of authority in general. They look towards school today as terminal.

Kids now are not afraid to speak their minds.

Students now are better equipped to meet the world's challenges.

I don't know.

There used to be more school pride and loyalty.

More cars, money, freedom, and less respect and responsibility.

Drugs were not prevalent then, but drinking was.

It used to be a disgrace to fail.

More togetherness, less division.

Faculty Speaks — Describe Your Idea of the Perfect Student.

Pays attention, does his work, shows respect and smiles.

One who accepts his responsibilities and reflects good ideas upon others.

There is no such thing.

Not necessarily an A student, but one who seems to be interested in his grade and learning about the subject.

One who is asleep.

A student with personality and his own individuality.
Well behaved, comes to class with his supplies, and does his work.

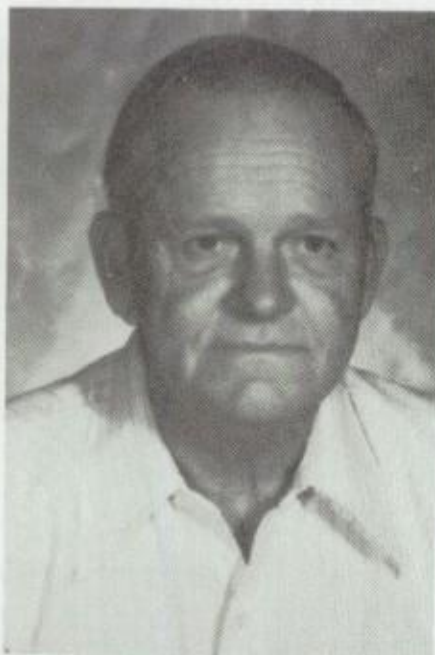

One who is interested — asks questions, and reads.

Kayla Watson — energetic, talks when she's supposed to, listens when she's supposed to, and has a sense of humor.

"Take me out to the ball game. Take me out with the crowd." Sometimes school feels a little like a baseball game. Did you ever strike out when bases were loaded? Hopefully, by the time graduation rolls around, you will have the scores to walk across the stage. When it comes to the Big Leagues, the MWHs Faculty has its own World Series. They've hit some grand slams. (Ever had to get licks from Mr. Henry?) They've caused a few of us to foul out. (Check your report cards.) Here's the stats on the MWHs Faculty World Series.

Ads

THANK YOU. THANK YOU. THANK YOU.

Thank you to those who gave us money, time, and effort. Without the financial support of our advertisers, it would be very difficult to produce the *Burro*. The staff asked local businesses to invest in the yearbook. In most cases, staff members were met with enthusiastic endorsements. Everyone should take the time to patronize these businesses and thank them for their support of our school.

over our years together live. Learn that I am really in love with you
Believe it or not. (I guess I "love" you) and that is my
answer of why we have been talking for so many years.
(I'll rather say this Face to Face)
We haven't had too much time to talk and we have recent
up & down this year. We will, this summer, become alot closer.
Love with you

Heatherin,
You are a very sweet person who've I've enjoyed
having in choir. And joking around with you be-
tween class. You have accomplished a lot in life.
And you have the potentials to make it even
you. So hang in school. & Go for it!

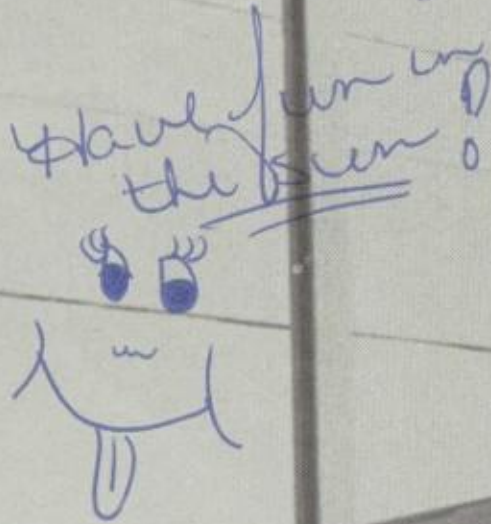

I must say you are very pretty young lady.
And I know we've had our ups & downs but
of all we have stayed friends. I just love
all your pictures. I hope this summer we stay
in touch. Don't forget me & I won't forget you.

May God Bless! Stay Sweet

MY CREED

"I do not choose to be a common man. It is my right to be uncommon. I seek opportunity to develop whatever talents God gave me — not security. I do not wish to be a kept citizen, humbled and dulled by having the state look after me. I want to take the calculated risk; to dream and to build, to fail and to succeed. I refuse to barter incentive for a dole. I prefer the challenges of life to the guaranteed existence; the thrill of fulfillment to the stale calm of utopia. I will not trade freedom for beneficence nor my dignity for a handout. I will never cower before any earthly master nor bend to any threat. It is my heritage to stand erect, proud and unafraid; to think and act myself, enjoy the benefit of my creations and to face the world, boldly and say — This, with God's help, I have done. All this is what it means to be an American."

You're one of the few
mature freshmen I can
 talk to. I'm glad I get to
 know and if you ever need
 someone to talk to, older.
 Just give me a ring. Or
 if you'd like to go out
 and do something sometime
 I can't tell how I appreciate
 you.

Always
friends in love

To a wonderful person who loves to have fun and is cheerful all the time. You are a very concerned and sincere person. I'm glad that you are a long way and hope we stay that way. You're a friend and friend/less. Friends James Blvd Jr.

Carin,
 You're a
 real sweet girl
 I'm glad I had
 you in English & choir!
 Hope to see you next
 year!

Carin,
 I am very
 happy we are
 good friends and
 that you are a
 very sweet girl.
 I hope to see
 ya next year '82-'83.
 Good luck, see ya.

Best friends,
 Love always,

Carin,
 Thanks for
 keeping me smiling
 all year. You're the
 sweetest person
 I've ever known.
 Thanks again

Carin,
 I'm so very glad that
 I got to know you because
 you are a very pretty girl
 & sweet girl. Keep the
 personality you've got and you
 will go far in life. Sweet
 you all the luck for the rest
 of your school years & after-
 wards. Stay in touch with
 me. Have a great summer.

Carin,
 We've been friends
 for a long long time
 & I've been thru bad
 stuff and good. I
 hope we have more
 good in the future!
 You're super sensational
 friend and I'll
 treasure you friend
 ship for ever

I will well like
 make it, even though
 the hard times along
 with the good be my wife
 and friend. Well looks like we
 have had our share of boy trouble
 and girl trouble, son, trouble etc.
 but we got through that and we always
 come out hugging and kissing. Remember
 May 1982 when you went out
 well will do it again sometime in the future where
 And you know what you know where
 this year but know whom. You know your
 only sister besides Jimmy and will always be friends forever.
 Stay Sweet Love ya like a sis.
